Congressman David Schweikert

Arizona 1st Congressional District

U.S. Service Academy Guidelines

Note: The following Information is of a general nature. For more specific information, you are advised to visit each academy's website as well as the catalogs for each academy.

The U.S. Service Academies are among the most highly respected, quality educational programs in the nation. To be admitted to an academy, you must meet stringent academic, physical, and medical requirements specified by public law. As a cadet/midshipman at the academy, you will be provided a fully funded four-year college education. By law, graduates of service academies appointed as commissioned officers in their respective service are required to serve at least five years active duty.

I. General Guidelines

Each candidate/applicant must:

- Be at least 17 years old, but have not passed their 23rd birthday (25 years for the Merchant Marine Academy);
- Be a citizen of the United States;
- Be unmarried, not pregnant or have any legal obligation to support children or dependents; and,
- Be a legal resident of the 1st congressional district.

II. Academic Qualifications

Members of Congress, as well as the President, Vice President, and U.S. Senators, follow the academic requirements set forth by the academies when making a nomination. Certain requirements are specified by current public law. However, the academies look at the whole person when considering admission. Character, leadership, physical aptitude, medical fitness, goals and motivations are key components of a favorable evaluation for admission.

The following are recommended areas of preparation and academic requirements

College Preparatory Studies

Four Years: English, Mathematics (Includes: Algebra, Trigonometry, and Geometry)

Three Years: Social Science (Includes: History, Economics, and Government)

Two Years: Laboratory Science (Includes: Biology, Physics, and Chemistry)

Two Years: Foreign Language

Class Rank

Nominees must be in the top 40% of their class. However, the most successful candidates are in the top 10-20% of their class.

Standardized Testing

Although the academies do not establish minimums, candidates who score below the following will normally **NOT** be considered competitive:

U.S. Naval Academy
SAT 620+ Math, 630+ Verbal

West Point
SAT 600+ Math & Verbal

U.S. Air Force Academy
SAT 580+ Math, 620+ Verbal

U.S. Service Academy Guidelines

III. Extracurricular Activities, Leadership, Medical Fitness

Participation and achievement in organized athletics, student body and class government, clubs and extracurricular activities, scouting, ROTC, Boy/Girls State, church, or other community-related activities demonstrate evidence of leadership potential. The greater level of involvement/leadership, the more points are awarded in your overall admissions evaluation with the academy.

The service academies consider it more valuable to achieve distinction in a specific activity, rather than participation in several activities without any evidence of leadership.

If you have a part-time job that affects your level of involvement in school activities, the academies view your work experience as a demonstration of your leadership potential.

You must also be in good physical and mental health, pass a Department of Defense medical examination and have an adequate performance on the Physical Aptitude Exam (PAE). Only one medical exam is needed to meet the requirements of all service academies. You will be scheduled to take this examination at a military or civilian contract facility near your home. Nominees are strongly encouraged to begin this process early, especially if consultation, retesting, or corrective action is required. This process may take from six weeks to four months.

If you are a competitive candidate, you will receive instructions for taking the qualifying medical examination directly from:

The Department of Defense Medical Examination Review Board (DODMERB)

8304 Edgerton Drive, Suite 132
U.S.A.F. Academy, CO 80840-2200
(800) 841-2706 (Toll Free Number)
(719) 333-3562 (Main Number)
Website: <https://dodmerb.tricare.osd.mil/>

IV. Communication with the Academies

The academies will start your candidate file when you complete the Pre-Candidate Questionnaire online. The questionnaire can be found on the websites of each academy. This ideally should be done during the **SPRING** of your junior year of high school. However, it can be completed up until December of the year you are applying.

The admissions office of each academy also coordinates with a nationwide network of trained Academy Liaison Officers. Once you have made initial contact with the academies, you will be able to receive assistance and guidance throughout your admissions process.

Summer Seminar

The service academies hold seminar programs for high school juniors that are academically high achievers. The program is traditionally held during the summer months and consists of academic workshops, military training, physical fitness training, and intramural athletics. Application and deadline information can be located on the website of each academy. It is strongly recommended that perspective candidates consider attending each of these seminars to see if academy life is right for them. Students are required to pay registration fee and cover the costs of travel. If you have any questions about this experience, please feel free to contact Congressman Schweikert's office at (480) 946-2411 and speak to the Academy Coordinator Chelsea Lett.

Military Academy Nominations Frequently Asked Questions

As your Representative in the U.S. House of Representatives and for Arizona's 1st District, each year I have the privilege of nominating a limited number of people to four of the five service academies. The honor of attending a service academy comes with an obligation and commitment to serve in the military for a minimum of five years upon graduation.

What is a service academy?

Service academies are the "universities" of the Armed Forces. They provide four-year education and leadership training leading graduates to an officer commission in their service branch.

Three reside within the Department of Defense:

- [U.S. Military Academy at West Point](#), New York
- [U.S. Naval Academy at Annapolis](#), Maryland
- [U.S. Air Force Academy](#) at Colorado Springs

One resides within the Department of Transportation:

- [U.S. Merchant Marine Academy](#) at Kings Point, New York

One resides within the Department of Homeland Security

- [U.S. Coast Guard Academy](#) at New London, Connecticut

What is a nomination?

Members of Congress may nominate applicants who meet the eligibility requirements established by law. A candidate may seek a nomination from the following:

- Apply directly to the Vice-President of the United States

What are the basic eligibility requirements?

Applicants who seek attendance at a military academy or the Merchant Marine Academy must also be nominated. Most academies have a number of ways a candidate can be nominated. Frequently Asked Questions

What criteria are used in selecting candidates?

Nominations are based on a "whole person" evaluation. Factors include academic achievements, extra-curricular activities, leadership skills, physical aptitude, character and motivation. An in-person interview by a panel of former military officers may also be conducted to assist me with evaluation.

Are the requirements the same for all of the service academies?

No. Although many of the qualifications are similar, each academy operates under its own admissions guidelines. Visit the academy of your choice via the websites noted for each academy's particular admissions qualifications.

Will I automatically be selected by the academy after I receive a nomination?

No. You will be placed among a select group of nominees, and the academy themselves will make the final decision. If selected, you will receive an offer of admission (*an appointment*) directly from the academy.

Can I apply and receive a nomination to more than one academy?

Yes. It is **STRONGLY** recommended that you apply to more than one academy. It is important to educate yourself on what all the academies have to offer in order to make the best decision for your career goals. It is not uncommon for a student to initially be interested in one academy and end up finding that another would better suit his/her goals.

Congressman Schweikert can nominate a candidate to more than one academy. It is rare that a candidate is given a principal nomination to one academy and a competing alternate nomination to another.

I am taking the SAT/ACT test again after the file deadline? Will I still be able to Submit new scores?

Yes, you are encouraged to take the SAT/ACT test(s) as many times as you can. The only requirement is that the **NEW** scores be sent to the district office before the Academy Interview committee is scheduled to meet **LATE** October. Please call the district office for details at (480) 946-2411.

Frequently Asked Questions

Who do I ask to write a letter of recommendation?

Since the academies hold to the “whole person” concept, it is important to ask individuals who have watched you develop in all aspects of your life. Therefore, it would not be to your benefit to submit five letters from only teachers and do not forget to include people whom you may have worked with in your extracurricular activities/past jobs. Some suggestions are:

- Coaches
- Pastor/Priest
- Past Employers
- School Counselor
- School Administrators

The format and content should resemble a standard letter of recommendation. It is not necessary that the letter be sealed but it does require a signature and can be sent to the district office by the applicant or the person writing the recommendation letter.

Does the information in my file at the Congressman’s office get forwarded to the Service Academy of my choice?

No. The nomination file at the Congressman’s office is only used to make a congressional nomination.

Your service academy(s) application is reviewed and maintained separately by the service academy, and it is the responsibility of the candidate to forward all necessary information and documentation upon request to the Admissions office.

What is a Competing nomination?

When a competing nomination is submitted, the academy decides if that person will be admitted. If you have an excellent academic and extracurricular activity record, you have a good chance of gaining admission with a competing nomination. Each year roughly 100 of the best-qualified competing nominees are offered admission to the academies.

When will I know if I have been offered an appointment by an academy?

Academies will begin notifying candidates of their admission status in the spring. Most offers of appointment are generally sent out by May.
